

IN THE SEA
IN THE SEA

Shark attacked sea turtle. Puffer fish, during the inflated. Sea turtle that was near it floated away in the other direction. Fortunately it was near the dolphin, who has seen developments and the turtle came to rescue. They are chased by the shark turtle, dolphin with shark. Of a shark, the fishermen just threw the hook. On the fishhook they had earthworms. During this time he swam past octopus. When she saw the scene and let the ink run away. The depth in which this is happening is dimly light parachute, which is the human eye could not detect. On the sea floor has grown seaweed.
